

Rakshak

SATIN FINISH ALU-ZINC GC

*The Ultimate Protection
To Shelter Your Dreams*

Introduction

APL Apollo Rakshak sheets have a covering of zinc and aluminium (Al-Zn), which offers exceptional corrosion protection and extends their lifespan for Residential Roofs, Garage Sheds, & Commercial Buildings. It offers two times better life than ordinary GC Sheet under the same exposure with a better return on investment. These sheets provide galvanic protection to bare edges similar to zinc coated steel.

Key Product Features

Better Return on Investment

Two times better life than ordinary GC Sheet

Environment friendly

Greater resistance to humidity

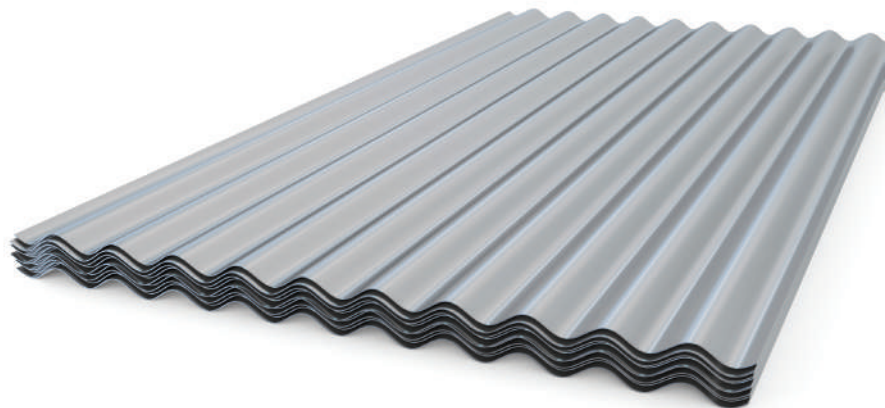

Less affected by stagnant water

Provides galvanic protection to bare edges

Less maintenance and exceptional value
